The purpose of this document is to advise you of the changes to the cut-off for receipt of cash and Settlement of Shares subscribed for each of the Funds which is due to take place on or around 27 and 28 May 2024 (the “**Change Date**”).

Background

Markets around the world are moving towards shortened standard settlement cycles to reduce costs, increase market efficiencies and reduce settlement and counterparty risk. After a recent period where most global markets were on a synchronised T+2 settlement cycle, more markets are moving to T+1.

In February 2023, the US Securities and Exchange Commission (SEC) adopted an amendment, applicable to the US market, implementing a T+1 settlement cycle with an implementation deadline of 28 May 2024. The Canadian Capital Markets Association also announced Canada will transition a day earlier on 27 May 2024. It is widely expected Mexico will also transition to T+1 on 27 May 2024. Other markets, such as the UK, Europe and Australia are broadly expected to follow suit in the coming years.
